STATE OF NEW JERSEY :

This matter was opened to the New Jersey State Board of Medical Examiners upon receipt of notice from the Plymouth Township Police, Plymouth Meeting, PA. that Dr. Kim had been charged with forgery, access device fraud and identify theft arising out of an incident on April 27, 2005. In Commonwealth of Pennsylvania vs. Joseph C. On March 6, 2006, Dr. Kim was sentenced to a prison term of five to twenty three months in the Montgomery County Prison, to begin March 10, 2006; a five year probation; restitution of \$4552.00 and 200 hours of community service.

CERTIFIED TRUE COPY

Upon his arrest in April 2005, Dr. Kim was suspended and terminated from his residency at Thomas Jefferson University Medical Center. He served as a volunteer physician at Bergen Lanning Health Center, Camden, New Jersey until February 2006, the last date he practiced medicine in New Jersey.

The Board reviewed Dr. Kim's file, including a report from Wolfram Rieger, M.D., as well as Dr. Kim's testimony before a Committee of the Board on September 20, 2006.

The Board, having determined that Respondent has been convicted of, and has engaged in acts constituting, a crime or offense involving moral turpitude, in violation of N.J.S.A. 45:1-21(f) which crime relates adversely to the activity regulated by the Board; and Respondent being desirous of resolving this matter, and the Board having determined that the within disposition is adequately protective of the public health, safety and welfare,

IT IS ON THE 12 DAY OF March, 2007,

ORDERED AND AGREED

1. The license issued to Respondent Joseph Chaiwhan Kim. M.D. to practice medicine and surgery in New Jersey is hereby suspended for a period of five years, the first three years active, the remainder to be stayed and served as a period of probation. The period of active suspension shall be deemed to have commenced on December 31, 2005, and shall end on December 31, 2008.

2. Respondent shall maintain his prior enrollment in the Professional Assistance Program of New Jersey, Inc. As a condition of this Order, Respondent shall comply with the requirements placed upon him by that program, including psychotherapy. Respondent shall cause the Professional Assistance Program to provide quarterly reports to the Board's Executive Director. The Professional Assistance Program shall immediately notify the Board of any evidence of noncompliance with the Board's mandates or evidence whatsoever of a return to acts that brought about Respondent's incarceration.

3. Within 90 days of the filing of this Order, Dr. Kim is to undergo, at his own expense, a psychiatric evaluation to be performed by a Board approved psychiatrist. The Board and the Attorney General will have full and complete access to any communications between Dr. Kim and the psychiatrist and any recommendations or evaluations that the psychiatrist may issue. Dr. Kim shall arrange to have the psychiatrist deliver all such recommendations and evaluations to the Board.

4. Dr. Kim agrees to abide by any recommendations that the evaluating psychiatrist may make, including any recommendations as to treatment, monitoring or practice restrictions.

5. Respondent shall enroll in and successfully complete a Board approved course in ethics. For the purpose of this Consent Order, "successful completion" of a course shall mean that Dr. Kim

attended all sessions of the course, fully participated in the course, and received a final evaluation of an unconditional pass.

6. Respondent shall remit payment for costs to the Board, including investigative costs, in the amount of \$6,589.60. Payment of costs shall be submitted by certified check or money order made payable to the State of New Jersey and shall be sent to William V. Roeder, Executive Director, New Jersey State Board of Medical Examiners, 140 East Front Street, P.O. Box 183, Trenton, New Jersey 08625-0183.

7. Respondent shall comply with the "Directives Applicable to Any Medical Board licensee who is Suspended, Revoked, or whose Surrender of Licensure has been accepted," attached hereto and made part hereof.

8. The Board reserves the right to bring further disciplinary action upon receipt of any reliable information indicating that Respondent has violated any term of this Order.

9. The Respondent shall be ineligible to resume practice until he appears before the Board or a committee thereof and demonstrates fitness to resume practice of medicine in New Jersey. The Respondent may petition the Board for such an appearance at the conclusion of the period of active suspension. The Board reserves the right to place restrictions on Respondent's practice should his license be reinstated. Any practice in this State prior to said

**DIRECTIVES APPLICABLE TO ANY MEDICAL BOARD LICENSEE
WHO IS DISCIPLINED OR WHOSE SURRENDER OF LICENSE
HAS BEEN ACCEPTED**

APPROVED BY THE BOARD ON MAY 10, 2000

All licensees who are the subject of a disciplinary order of the Board are required to provide the information required on the addendum to these directives. The information provided will be maintained separately and will not be part of the public document filed with the Board. Failure to provide the information required may result in further disciplinary action for failing to cooperate with the Board, as required by N.J.A.C. 13:45C-1 et seq. Paragraphs 1 through 4 below shall apply when a license is suspended or revoked or permanently surrendered, with or without prejudice. Paragraph 5 applies to licensees who are the subject of an order which, while permitting continued practice, contains a probation or monitoring requirement.

1. Document Return and Agency Notification

The licensee shall promptly forward to the Board office at Post Office Box 183, 140 East Front Street, 2nd floor, Trenton, New Jersey 08625-0183, the original license, current biennial registration and, if applicable, the original CDS registration. In addition, if the licensee holds a Drug Enforcement Agency (DEA) registration, he or she shall promptly advise the DEA of the licensure action. (With respect to suspensions of a finite term, at the conclusion of the term, the licensee may contact the Board office for the return of the documents previously surrendered to the Board. In addition, at the conclusion of the term, the licensee should contact the DEA to advise of the resumption of practice and to ascertain the impact of that change upon his/her DEA registration.)

2. Practice Cessation

The licensee shall cease and desist from engaging in the practice of medicine in this State. This prohibition not only bars a licensee from rendering professional services, but also from providing an opinion as to professional practice or its application, or representing him/herself as being eligible to practice. (Although the licensee need not affirmatively advise patients or others of the revocation, suspension or surrender, the licensee must truthfully disclose his/her licensure status in response to inquiry.) The disciplined licensee is also prohibited from occupying, sharing or using office space in which another licensee provides health care services. The disciplined licensee may contract for, accept payment from another licensee for or rent at fair market value office premises and/or equipment. In no case may the disciplined licensee authorize, allow or condone the use of his/her provider number by any health care practice or any other licensee or health care provider. (In situations where the licensee has been suspended for less than one year, the licensee may accept payment from another professional who is using his/her office during the period that the licensee is suspended, for the payment of salaries for office staff employed at the time of the Board action.)

A licensee whose license has been revoked, suspended for one (1) year or more or permanently surrendered must remove signs and take affirmative action to stop advertisements by which his/her eligibility to practice is represented. The licensee must also take steps to remove his/her name from professional listings, telephone directories, professional stationery, or billings. If the licensee's name is utilized in a group practice title, it shall be deleted. Prescription pads bearing the licensee's name shall be destroyed. A destruction report form obtained from the Office of Drug Control (973-504-6558) must be filed. If no other licensee is providing services at the location, all medications must be removed and returned to the manufacturer, if possible, destroyed or safeguarded. (In situations where a license has been suspended for less than one year, prescription pads and medications need not be destroyed but must be secured in a locked place for safekeeping.)

3. Practice Income Prohibitions/Divestiture of Equity Interest in Professional Service Corporations and Limited Liability Companies

A licensee shall not charge, receive or share in any fee for professional services rendered by him/herself or others while barred from engaging in the professional practice. The licensee may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of the Board action.

A licensee who is a shareholder in a professional service corporation organized to engage in the professional practice, whose license is revoked, surrendered or suspended for a term of one (1) year or more shall be deemed to be disqualified from the practice within the meaning of the Professional Service Corporation Act. (N.J.S.A. 14A:17-11). A disqualified licensee shall divest him/herself of all financial interest in the professional service corporation pursuant to N.J.S.A. 14A:17-13(c). A licensee who is a member of a limited liability company organized pursuant to N.J.S.A. 42:1-44, shall divest him/herself of all financial interest. Such divestiture shall occur within 90 days following the the entry of the Order rendering the licensee disqualified to participate in the applicable form of ownership. Upon divestiture, a licensee shall forward to the Board a copy of documentation forwarded to the Secretary of State, Commercial Reporting Division, demonstrating that the interest has been terminated. If the licensee is the sole shareholder in a professional service corporation, the corporation must be dissolved within 90 days of the licensee's disqualification.

4. Medical Records

If, as a result of the Board's action, a practice is closed or transferred to another location, the licensee shall ensure that during the three (3) month period following the effective date of the disciplinary order, a message will be delivered to patients calling the former office premises, advising where records may be obtained. The message should inform patients of the names and telephone numbers of the licensee (or his/her attorney) assuming custody of the records. The same information shall also be disseminated by means of a notice to be published at least once per month for three (3) months in a newspaper of

general circulation in the geographic vicinity in which the practice was conducted. At the end of the three month period, the licensee shall file with the Board the name and telephone number of the contact person who will have access to medical records of former patients. Any change in that individual or his/her telephone number shall be promptly reported to the Board. When a patient or his/her representative requests a copy of his/her medical record or asks that record be forwarded to another health care provider, the licensee shall promptly provide the record without charge to the patient.

5. Probation/Monitoring Conditions

With respect to any licensee who is the subject of any Order imposing a probation or monitoring requirement or a stay of an active suspension, in whole or in part, which is conditioned upon compliance with a probation or monitoring requirement, the licensee shall fully cooperate with the Board and its designated representatives, including the Enforcement Bureau of the Division of Consumer Affairs, in ongoing monitoring of the licensee's status and practice. Such monitoring shall be at the expense of the disciplined practitioner.

(a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with the Board Order and accepted standards of practice.

(b) Monitoring of status conditions for an impaired practitioner may include, but is not limited to, practitioner cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law from any treatment facility, other treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired practitioners. If bodily substance monitoring has been ordered, the practitioner shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.
